

Award in Payroll Fundamentals MQF Level 5 (4 ECTS)

Welcome to 21 Academy

Online vs face to face

-  Please leave your cameras on at all times. We want to see you and we want to know that you are still there.
-  The more the lecturer sees of you and your reactions to what is being said, the easier it is for the lecturer to deliver an effective lecture.
-  As much as possible avoid using the chat box for asking your questions. Unmute yourself and ask your question, you would not have been sending a WhatsApp message or an email to the lecturer had you been following the lecture in class 😊

You have been given access to the **Course Resource Centre** where you will find

-  The presentations delivered after each lecture
-  A summary of each lecture's content and the suggested reading material to help you understand the lecture better
-  In the resource centre you will also find a link to our Complaints Procedure Police and the Complaints Form you will need to fill if you have any complaints
-  Please contact us if you have not managed to access to the resource centre
-  You will have the **3 lecturers** during this course

Dr Ann Bugeja
Mr Antoine Portelli
Mr Angelito Sciberras

Always contact us on info@advisory21.com.mt and if your email requires any of the lecturers' attention we will forward accordingly

Recording

As you have been made aware, the lectures will be recorded. This does not mean that you do not attend because you have peace of mind that the recording is available. Following a recording might not answer the questions that come to mind when you are following a live lecture and your questions may remain unanswered. Please try and, as much as possible, join the live lectures.

For those who have a valid reason not to join we will send them a link to the recording.

-  Link will not be automatically sent to absent students but will only be sent upon request which should be made before or until noon on the day after the lecture is delivered.
-  Recording cannot be downloaded and thus viewing can only take place while you are online

Assignments

There will be two assignments and students will have a choice out of 4 questions.

-  Assignment deadline will be 25 January 2024 - course ends on 18 December 2023
-  The nominal word count for one assignment is 1,700 words. The other assignment in which you need to demonstrate knowledge in compiling payroll the nominal word count is 500 words.
-  Remember that your course is at MQF Level 5 (same level as a Certificate and Diploma) so you are expected to deliver an assignment up to that standard. You are expected to have an assignment which is well structured, which does not contain excessive copied phrases and with an appropriate citation method which you feel most comfortable in using.
-  Nowadays Word helps you with citations and if you do not want to use that, a website such as citethisforme.com helps you too... and it is free.
-  An assignment's assessment will not be about your knowledge of the subject only, but you will also be assessed according to presentation, referencing and uniqueness of the content.
-  All assignments will be screened against plagiarism. Any assignment which scores more than 20% similarity will be manually checked against plagiarism and failed if believed to be plagiarised.

Results and certificates

-  We allow a one-month period after the deadline for your lecturers to assess your assignments
-  We will issue the results all at once and once all assignments have been corrected
-  We will allow a 7-day period for anyone wishing to have the assignment reviewed
-  Once the review process is closed, we will re-issue results and this time we will also give you the class average for the questions you have answered.
-  The certificate in electronic copy will be sent to successful students soon after and a hard copy will be made available a few days after.

Mailing list

As 21 Academy students you will be included in the 21 Malta mailing list unless you inform us that you do not want to.
