Undergraduate Diploma in Digital

Aesthetic Appeal and Brand Consistency

The aesthetic appeal and brand consistency of a website are crucial elements that significantly influence user experience, perception, and engagement.

These factors play a vital role not only in attracting visitors but also in retaining them and converting visits into actions (such as purchases, sign-ups, or engagement with content).

Secure Payment Gateways:

Secure Payment Gateways are services that authorise and process credit cards, debit cards, and other forms of electronic payments online.

They encrypt sensitive information, such as credit card numbers, to ensure that data is transmitted securely from the customer to the acquiring bank via the merchant.

Undergraduate Diploma in Digital

Secure Payment Gateways:

- Security: They provide strong encryption and security protocols to protect against fraud and data breaches.

- Trust: By using reputable payment gateways, businesses can increase their customers' trust in their online transactions.

- Convenience: They offer a seamless checkout experience for

customers, supporting various payment methods.
